

# Learning Gallery

Some thoughts for us all during this time.

To my understanding, a rainbow symbolises hope, peace and God's love.

Our nation is going through a very difficult time, the Covid 19 has claimed so many lives and has made many people ill and hospitalised. We all feel sorry for those affected and at the same time we are so proud and grateful towards the doctors, the nurses and the people who work in the NHS.

This symbolic sign was meant to encourage us all to be strong and remain optimistic during this national crisis.

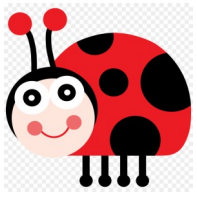

Thank you Lord for giving us Love & Hope!

## Rainbows

By Emily  
Atanassova

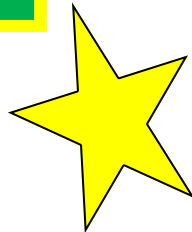

Red is the color of awesome things.  
Yellow is the color of mac'and cheese.  
Orange is the color of sweet carrots.  
Green is the color of leaves on trees.  
Blue is the color of the ocean seas.  
Purple is the color of many pretty things.

## My Panda Poem

He spends his days eating bamboo,  
and pandas are cute that is true.  
He lives in China,  
and sometimes a zoo.  
He loves the visitors,  
will one of them be you?

# Years 5 & 6

## A Poem of Hope by Abigail

Sun & clouds, day & night,  
The Corona virus has brought some  
fright.  
But don't be afraid, there's always light,  
The end of the virus is in sight!

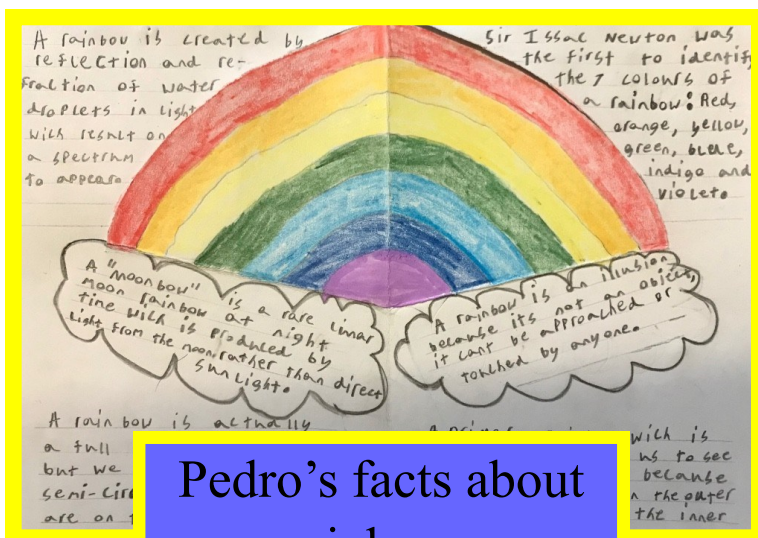

The NHS are taking care,  
of those that need it so don't despair.  
You can help by keeping clean,  
And keeping a distance it isn't mean!

There are no parties, no not one,  
But it can't stop us from having fun.  
A touch of rain and a pinch of sun,  
A rainbow will keep us all united as  
one!

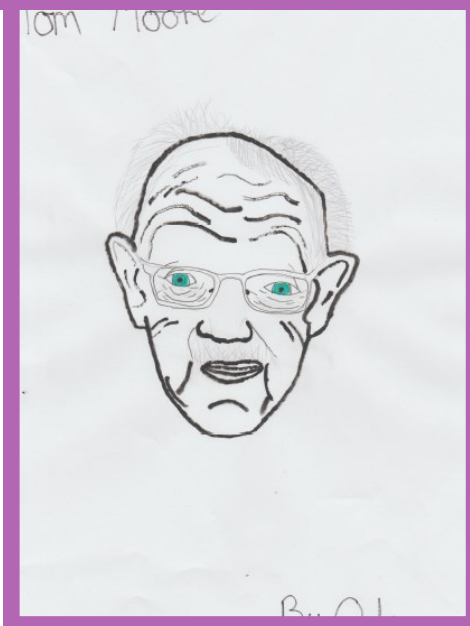

Lewis from Year 6  
has made an anima-  
tion about Captain  
Tom Moore. Click
